To  
The Hiring Committee  
Nature Conservation Management (NACOM)  
Dhaka, Bangladesh

**Subject: Application for Trainee Position**

Dear Hiring Committee,

I'm writing to express my interest in the Nature Conservation Management (NACOM) trainee position. I am excited to support NACOM's mission while furthering my career in climate finance and sustainable development as a recent graduate of the University of Dhaka with a degree in Soil, Water, and Environment. I have a wealth of research experience in climate adaptation, water quality monitoring, and environmental health risk assessments.

I have actively participated in fieldwork, focus group discussions (FGDs), key informant interviews (KIIs), and participatory research throughout my academic and research career, all of which directly relate to the duties of this position. I have a strong background in data collecting, analysis, and documentation from my work at the Bangladesh Atomic Energy Commission, where I carried out environmental monitoring and heavy metal risk assessments in the rivers of Dhaka. Additionally, I have written for a number of peer-reviewed scientific publications that address soil carbon dynamics and water quality forecasts.

Along with my technical proficiency in statistical modeling, R, Python, and GIS, I am really driven to advance my knowledge of climate financing, an area in which I think NACOM is crucial in Bangladesh. I would especially like to assist NACOM's efforts to close the critical funding gaps in the climate sector and match national development agendas with global climate funds. As a trainee at NACOM, I am sure that my experience in both operational support and research, along with my enthusiasm for environmental sustainability, will enable me to contribute significantly. The chance to gain knowledge from your prestigious organization and hone my abilities in climate finance and policy involvement excites me.

Thank you for considering my application. I look forward to the opportunity to contribute to your team.

Sincerely,  
Md Rakib Hasan
